

FREE *AutoCAD* Workshops

SATURDAY

February 18

March 24

April 14

9 am - 12 noon

Bldg. N, Room 108

ALVIN COMMUNITY COLLEGE

**Industrial Design
Technology Department**

Building N, Room N108
3110 Mustang Road
Alvin, TX 77511

AutoCAD is a **Computer Aided Design** or **Computer Aided Drafting** software application for 2D and 3D design and drafting that automates design tasks. AutoCAD has become the standard used by many professionals such as architects, engineers and drafters to build a number of things, ranging from toys and household appliances, to skyscrapers, pipelines and much more. This **FREE** workshop will include:

- Basic computer-aided drafting and design techniques
- Introduction to 2D & 3D
- Development of a 3D model
- Observe how a 3D printer works and learn what applications it can be use for
- Introduction of Autodesk Inventor - High end parametric software used in industry

See what you are capable of doing in just a couple of hours!

Space is limited to only 20 participants so register NOW!
